

Type D, with M10 thread plus

Product code: 68061100

Capacity and the right type of battery are important, but so too are safety, comfort and ease of installation; three aspects of your battery for which Mastervolt has numerous intelligent accessories. We will help you get the most out of your 12 V, 24 V or 48 V system, and ensure a maximum lifespan for your batteries.

Strong Connections for maximum safety

Your battery set is not complete without a proper and safe connection with the electrical system.

Mastervolt recommends connections with corrosion-proof links and heavy-duty screw bolts. A proper cover and isolation of the battery poles prevents sparks or short circuiting.
