

IVET-D 3.5 kVA/16A (toroidal)

Product code: 86050351

This Mastervolt IVET-D toroidal isolation transformer is supplied for 220-240V. Supplied in a compact robust box with a double pole circuit breaker on the AC outlet (which guarantees optimum safety), Soft Start suppresses the inrush current from the transformer and prevents the shore power fuse from blowing.

The convenient connection compartment features professional connection terminals. Soft Start and an automatic fuse are included. All Mastervolt isolation transformers comply with the CE and ABYC (US norm) guidelines for vessels.

Specifications

General specifications

Output voltage ($\pm 5\%$)	220-240
Nominal output power	3500 W
Input frequency range	45-65 Hz
Dimensions, hwxwd	407 x 295 x 220 mm 16.0 x 11.6 x 8.7 inch
Weight	23 kg 50.7 lb

Technical specifications

Technology	torroidal
No-load power consumption	<10 W
Temperature range (ambient temp.)	0-40 °C 32 °F
Temperature range (storage/non operating)	-50 - 100 °C -58 °F
Cooling	yes
Protection degree	23
Switch off behaviour breaker	B-characteristic
Soft start	yes
