

MasterShunt fuse

Product code: 77049000

The MasterShunt standard comes with a bus bar. You can also choose a robust Class T fuse, suitable for high short circuit currents of the Lithium Ion batteries, or for ANL fuses.

Robust fuse (500 A/160 V DC, 20 kA short circuit current) is suitable for high short circuit currents from the batteries.

Spare fuse available separately.
