

GPRS Module

Product code: 77031000

Communicate with your system via mobile phone, allowing you to monitor current information or operate the system by remote control via a text message or easy shortcuts. Alarm notifications per text message are optional.

Please note that worldwide, the 2G / GPRS network is no longer supported in most countries (or by specific network operators). For Europe it is expected that the 2G / GPRS network will remain available in most countries until 2025 (provider dependent). Inquire beforehand with your network provider about the availability of the 2G / GPRS network.

For the regions Asia, Oceania and North / South America the 2G / GPRS network is disabled, in these areas the GPRS Module is no longer available.

Specifications
